'The Prisoner of Zenda' is, essentially, a light-hearted and romantic adventure story and, as it states in the introduction to my copy, the author was aware of: "the cultural gulf between 'esoteric' and 'popular' literature" but was also aware that the "ordinary man likes to read... novels of rapid narrative, stirring incident, and normal emotions" and, therefore, set out to produce fiction that was readable and enjoyable - and, in this, he has achieved his aim.

A turning point in the history of European literature, 'The Prisoner of Zenda' is one such fabulous work of Anthonu Hope which inspired an entire new genre in literature - Ruritanian Romance. Published in 1894, this is an adventure novel in which the King of Ruritania is drugged on the eve of his coronation and thus, is unable to attend the ceremony. Political forces within the realm are such that, in order for the king to retain the crown, his coronation must proceed. Fortuitously, an English gentleman on holiday in Ruritania, who resembles the monarch, is persuaded to act as his political decoy in an effort to save the unstable political situation of the interregnum.

'If love were the only thing, I would follow you-in rags if need be ... But is love the only thing?' Anthony Hope's The Prisoner of Zenda is a swashbuckling adventure set in Ruritania, a mythical pocket kingdom. Englishman Rudolf Rassendyll closely resembles the King of Ruritania, and to foil a coup by his rival to the throne, he is persuaded to impersonate him for a day. However, Rassendyll's role becomes more complicated when the real king is kidnapped, and he falls for the lovely Princess Flavia. Although the story is set in the near past, Ruritania is a semi-feudal land in which a strong sword arm can carry the day, and Rassendyll and his allies fight to rescue the king. But if he succeeds, our hero and Flavia will have to choose between love and honour. As Nicholas Daly's introduction outlines, this thrilling tale inspired not only stage and screen adaptations, but also place names, and even a popular board game. A whole new subgenre of 'Ruritanian romances' followed, though no imitation managed to capture the charm, exuberance, and sheer storytelling power of Hope's classic tale.

Sir Anthony Hope Hawkins, better known as Anthony Hope, (1863-1933) was a British novelist and playwright best remembered today for his short novel The Prisoner of Zenda (1894), a prequel The Heart of Princess Osra (a collection of short stories) (1896), and a sequel Rupert of Hentzau (1898). These works were all set in the contemporaneous fictional kingdom of Ruritania. His first novel was A Man of Mark (1890), and one of his most well-known works during his

lifetime was *The Dolly Dialogues* (1894), published in the *Westminster Gazette*. He started writing full time after *Zenda's* success, completing many other novels and plays, including *English Nell* (based on the life of actress Nell Gwyn), and *Sophy of Kravonia* (1906), in a similar vein as the *Zenda* story. He was knighted in recognition of his contribution to British propaganda efforts during World War I. He also published an autobiographical book, *Memories and Notes*, in 1927. His other works include: *Father Stafford* (1891), *Half a Hero* (1893), *The Indiscretion of the Duchess* (1894), *Frivolous Cupid* (1895), *The King's Mirror* (1899), and *Quisante* (1900).

Rupert of Hentzau, conspirator against the King of Ruritania who is exiled and thought to be dead, secretly returns to Ruritania. On the road he intercepts a letter from the unhappy Queen Flavia summoning her English lover, Rudolph Rassendyll, who was once able, owing to his striking resemblance to the monarch, to impersonate and rescue the king from conspirators who had vowed to kill him. Rupert kills the king and, intending to use the purloined love letter to establish himself on the throne, threatens Rudolph that he will reveal the contents of the letter unless his terms are met. Rudolph and Rupert fight a duel, and Rupert is slain. Rudolph refuses the offer of the throne and returns to England, where Queen Flavia, having abdicated, soon joins him.

The *Prisoner of Zenda* is an 1894 adventure novel by Anthony Hope, in which the King of Ruritania is drugged on the eve of his coronation and thus is unable to attend the ceremony. Political forces within the realm are such that, in order for the king to retain the crown, his coronation must proceed. Fortuitously, an English gentleman on holiday in Ruritania who resembles the monarch is persuaded to act as his political decoy in an effort to save the unstable political situation of the interregnum. A sequel, *Rupert of Hentzau*, was published in 1898 and is included in some editions of *The Prisoner of Zenda*. The popularity of the novels inspired the Ruritanian romance genre of literature, film, and theatre that features stories set in a fictional country, usually in Central or Eastern Europe,[1] for example *Graustark* from the novels of George Barr McCutcheon, and the neighbouring countries of Syldavia and Borduria in the *Tintin* comics. On the eve of the coronation of King Rudolf V of Ruritania, his younger half-brother Michael, Duke of Strelsau, has him drugged. The unconscious king is abducted and imprisoned in a castle in the small town of Zenda. There are complications, plots, and counterplots, among them the schemes of Michael's mistress, Antoinette de Mauban, and those of his dashing but villainous henchman, Count Rupert of Hentzau. In a desperate attempt to deny Michael the excuse to claim the throne, Colonel Sapt and Fritz von Tarlenheim, attendants of the king, persuade his distant cousin Rudolf Rassendyll, an English visitor, to impersonate the king for the coronation. Rassendyll falls in love with Princess Flavia, the king's betrothed, but cannot tell her the truth. He determines to rescue the king and leads an attempt to enter the castle of Zenda. The king is rescued and is restored to his throne, but the lovers, trapped by duty, must part.

An Englishman vacationing in Ruritania, discovers he is a double of Rudolf V, shortly to be crowned king. When Rudolf is abducted by his evil half-brother, the Englishman agrees to an impersonation during the coronation. He falls in love with the Princess, but recognizing her responsibility to the throne, she refuses to leave with him.

Continuing his efforts to protect the former ruler Jason Cullianane, the adventurer Kethol, accompanied by the loyal Pirojil and the fledgling wizard Erenor, sets a complicated plan into action in order to save the kingdom.

Best known for his political fairy tale, *The Prisoner of Zenda*, which saw four major screen adaptations, including the acclaimed 1937 incarnation starring Ronald Colman, Anthony Hope was one of the few novelists to achieve wide popular and critical admiration during his lifetime. Regarded by many critics as the finest adventure story ever written -- and certainly one of the most popular -- *The Prisoner of Zenda* (1894) tells the story of Rudolf Rassendyll, a dashing English gentleman who bears an uncanny resemblance to the ruler of the fictional kingdom of Ruritania. Rassendyll masquerades as the king in order to save the country from a treacherous plot and secures the release of the wronged prisoner. In the process he wins the heart of the beautiful princess Flavia, but ultimately surrenders the crown and the hand of his beloved princess to the rightful ruler. *Rupert of Hentzau*, which ends in tragedy rather than triumph, is the darker, more problematic sequel to *The Prisoner of Zenda*. Full of swash-buckling feats of heroism as well as witty irony, these adventure tales are also wonderfully executed satires on late nineteenth-century European politics.
