The Red Queen Ridley Matt

The Red Queen: Sex and the Evolution of Human Nature is a popular science book by Matt Ridley exploring the evolutionary psychology of sexual selection. The Red Queen was one of seven books shortlisted for the 1994 Rhône-Poulenc Prize, that was eventually won by Steve Jones' The Language of the Genes. Ridley argues that few, if any, aspects of human nature can be understood apart from sex, since human nature is a product of evolution, driven by sexual reproduction in the case of sexual ...

The Red Queen Book Summary - Matt Ridley - MattyGTV

The Red Queen is a fictional character from Alice in Wonderland, who must run just to stay in place. This concept is used as an analogy for how natural selection and evolution work. All the advantages one group in a species has, which allows it to survive and reproduce, are not helpful in the next few generations because it's passed down to everyone else.

The Red Queen Audiobook | Matt Ridley | Audible.co.uk

The Red Queen of the title refers to the character in Through the Looking-Glass who tells Alice she has to run as fast as she can in order to remain in the same place. As the subtitle indicates, this epitomises, for Ridley, the role of sex in evolution. Unless one has thought about it, the need to explain the existence of sex is not obvious, so widespread is it in both plants and animals. Yet ...
