removed in 1903 to make room for endpapers and two that have never been used before, Beatrix having initially prepared more illustrations than could be accommodated in the original format. Beatrix Potter is regarded as one of the world's best-loved children's authors of all time. From her first book, *The Tale of Peter Rabbit*, published by Frederick Warne in 1902, she went on to create a series of stories based around animal characters including Mrs. Tiggy-winkle, Benjamin Bunny, Jemima Puddle-duck, Mr. Jeremy Fisher and Tom Kitten. Her humorous, lively tales and beautiful illustrations have become a natural part of childhood. With revenue from the sales of her books, Beatrix Potter bought a farm - Hill Top - in the English Lake District, where she later became a farmer and prize-winning sheep breeder. She launched the now vast merchandise program by patenting the very first Peter Rabbit doll in 1903. The product range continues to grow today with licenses around the world including baby clothing and bedding, nursery decor products, and collectibles. Upon her death, Beatrix Potter left 14 farms and over 4000 acres of Lake District farmland to the National Trust so that the place that she loved would remain undeveloped and protected for future generations to enjoy. Today Beatrix Potter's original 23 tales are still published by Frederick Warne, alongside a wide range of other formats including baby books, activity books, and gift and sound books. The Tale of Peter Rabbit is number one in Beatrix Potter's series of 23 little books. Look out for the rest!
