Welcome, Washingtonian Welcome Guide readers! During the peak of the Civil War, President Lincoln and his family lived at the Soldiers' Home, located on a picturesque hilltop in Northwest Washington, DC. While residing at the Cottage, Lincoln made wartime policy decisions, crafted his reelection campaign, and, most significantly, developed the Emancipation Proclamation.

The story of the Potomac is the story of America—take a historic hike with this fascinating guide. The great Potomac River begins in the Alleghenies and flows 383 miles through some of America's most historic lands before emptying into the Chesapeake Bay. The course of the river drove the development of the region and the path of a young republic. Maryland's first Catholic settlers came to its banks in 1634 and George Washington helped settle the new capital on its shores. During the Civil War the river divided North and South, and it witnessed John Brown's raid on Harper's Ferry and the bloody Battle of Antietam. In this book, Garrett Peck leads readers on a journey down the Potomac, from its first fount at Fairfax Stone in West Virginia to its mouth at Point Lookout in Maryland. Combining history with recreation, Peck has written an indispensable guide to the nation's river.

Washington D.C.'s culinary landscape is celebrated in the 14th annual Fall Dining Guide. From the Pulitzer Prize-winning Washington Post comes the food critic's essential guide to the D.C. dining scene. For his 14th Fall Dining Guide, Tom Sietsema selects his 40 favorite Washington D.C.-area restaurants, reflecting a much-changed dining scene with exciting new flavors. From bars and taco joints to four star local legends, the FALL DINING GUIDE has a dinner for everyone.

Mystery, food, and wine in the French province of Dordogne—the latest offering from Martin Walker, featuring Benoit "Bruno" Courrèges. It's spring in St. Denis. The village choir is preparing for its Easter concert, the wildflowers are blooming, and among the lazy whorls of the river a dead woman is found floating in a boat. It's another case for Bruno, the town's cherished chief of police. With the discovery of sinister markings and black candles near the body, it seems to him that the occult might be involved. And as questions mount—regarding a troubling real estate proposal in the region; a suspicious, violent death made to look accidental; and the sudden reappearance of a politically controversial elderly countess—Bruno and his colleagues and friends are drawn ever closer to a climactic showdown in the Gouffre de Colomnac: the place locals call the Devil's Cave. With the enchanting backdrop of France's pastoral heartland, a cast of local characters as vibrant as their surroundings, enough sumptuous repasts to satisfy any literary gourmand, and a hero winningly capable of balancing the good life with a dogged dedication to solving the crimes that threaten it, The Devil's Cave invites readers to raise a glass and turn the page.

The first guide to American religious history from colonial times to the present, this anthology features twenty-two leading scholars speaking on major themes and topics in the development of the diverse religious traditions of the United States. These include the growth and spread of evangelical culture, the mutual influence of religion and politics, the rise of fundamentalism, the role of gender and popular culture, and the problems and possibilities of pluralism. Geared toward general readers, students, researchers, and scholars, The Columbia Guide to Religion in American History provides concise yet broad surveys of specific fields, with an extensive glossary and bibliographies listing relevant books, films, articles, music, and media resources for navigating different streams of religious thought and culture. The collection opens with a thematic exploration of American religious history and culture and follows with twenty topical chapters, each of which illuminates the dominant questions and lines of inquiry that have determined scholarship within that chapter's chosen theme. Contributors also outline areas in need of further, more sophisticated study and identify critical resources for additional research. The glossary, "American Religious History, A–Z," lists crucial people, movements, groups, concepts, and historical events, enhanced by extensive statistical data.

A captivating and poignant tale, this is the little-known story of a group of Scottish athletes and their fans who went to war together—and what happened to the few who made it home. The saga of McCrae's Battalion brings much-needed human scale to World War I and explains why a group of young men from a small country with almost no direct connection to the conflict would end up sacrificing their careers, their homes, their health, and in many cases their lives to an abstract cause.

A picture book about Champ and Major, President-elect Joe Biden's two adorable dogs! Major will be the first shelter dog in the White House, and Champ can't wait to show him around. Champ and Major's dad, Joe Biden, just got a really important job: He's going to be the new president of the United States! Champ is excited to go back to the White House—he got to visit it when his dad was the vice president, before the family adopted Major, and he knows about all the important work that happens there. Major is going to be one of the first rescue dogs to live in the White House, and Champ can't wait to show his little brother around. Soon, Champ and Major will be in their new home, and they're going to bring a lot of fun with them!

Hip Tranquil Chick addresses that huge but unacknowledged demographic of fashionistas equally at home at Bergdorf's and the yoga studio. The book is divided into two major sections that cover all bases for the style-minded seeker. "On the Mat" shares seven must-have modern-girl yoga sequences, such as "Healing Hip Openers" and "Negativity Releasing Heart Openers," and explains yoga philosophy in hip chick language. "Off the Mat" showcases nine ways to become more fabulous and balanced by incorporating yogic qualities like introspection, strength, and flexibility into daily life. The nine lifestyle chapters reveal how to turn on-the-mat wear into on-the-town style, how to create soulful surroundings at home and work, mindful money management, finding a passion-filled career, how strategic soiree-throwing creates community, tips for practicing social consciousness, and more. Each chapter is accompanied by helpful "OMwork" to translate these concepts into reality. Abundant illustrations accentuate the text, and a "savvy sources" section encourages further exploration.

*An indictment of the Republican party from one of the most successful Republican political operative of his generation"--

An insider's account of how politicians representing a radical white minority of Americans have used "the world's greatest deliberative body" to hijack our democracy. Every major decision governing our diverse, majority-female, and increasingly liberal country bears the stamp of the United States Senate, an institution controlled by people who are almost exclusively white, overwhelmingly male, and disproportionately conservative. Although they do not represent a majority of Americans—and will not for the foreseeable future—today's Republican senators possess the power to block most legislation. Once known as "the world's greatest deliberative body," the Senate has become one of the greatest threats to our democracy. How did this happen? In Kill Switch, Senate insider Adam Jentleson contends that far from reflecting the Framers' vision, the Senate has been transformed over the decades by a tenacious minority of white conservatives. From John Calhoun in the mid-1800s to Mitch McConnell in the 2010s, their primary weapon has been the filibuster, or the requirement that most legislation secure the support of a supermajority of senators. Yet, as Jentleson reveals, the filibuster was not a feature of the original Senate and, in allowing a determined minority to gridlock the federal government, runs utterly counter to the Framers' intent. For much of its history, the filibuster was used primarily to prevent civil rights legislation from becoming law. But more recently, Republicans have refined it into a tool for imposing their will on all issues, welding it to thwart an increasingly progressive American majority represented by Barack Obama's agenda and appointees. Under Donald Trump, McConnell merged the filibuster with rigid leadership structures initially forged by Lyndon Johnson, in the process surrendering the Senate's independence and centrality, as infamously shown by its acquiescence in Trump's impeachment trial. The result is a failed institution and a crippled democracy. Taking us into the Capitol Hill backrooms where the institution's decline is most evident, Jentleson shows that many of the greatest challenges of our era—partisan polarization, dark money, a media culture built on manufactured outrage—converge within the Senate. Even as he charts the larger forces that have shaped the institution where he served, Jentleson offers incisive portraits of the powerful senators who laid the foundation for the modern Senate, from Calhoun to McConnell to LBJ's mentor, Richard Russell, to the unapologetic racist Jesse Helms. An essential, revelatory investigation, Kill Switch ultimately makes clear that unless we immediately and drastically reform the Senate's rules and practices—starting with reforming the filibuster—we face the prospect of permanent minority rule in America.
