The Diamond 90 is a single-stage gas furnace manufactured by York. This furnace has some features consumers may not find on older single-stage furnaces, such as electronic ignition and a direct drive blower. The York Diamond 90 has an annualized fuel utilization efficiency (AFUE) rating of up to 94%. The blower unit on the Diamond 90 is insulated to operate more quietly and the top intake and venting allow the Diamond 90 to be installed in tight spaces.
